

It's cooler at the library.

There's something
for everyone.

Make the library
your family
destination.

TODAY'S LIBRARY. THINK...MORE!

Summer is a great time to get outside and enjoy activities together as a family. But, when it's 105° and the humidity has you sweating just standing still, it's time to find something cool to do. And you'll find plenty of cool things at your local library. We have activities for children of all ages...and their parents. It's a perfect family destination.
